

# SUSTAINABLE COCONUT ROUNDTABLE

## BALI, 5-9 OCTOBER 2026

### TOWARDS RESPONSIBLE REJUVENATION

CONFERENCE  
MEMBERS AND PARTNERS DAY  
FIELD STUDY TOUR  
SUSTAINABLE COCONUT CHARTER TRAINING

# 2026 Roundtable Concept

## COALITIONS, CAPITAL, AND ACTION FOR THE FUTURE OF COCONUT

### Concept Overview:

The 2026 Sustainable Coconut Roundtable returns to Indonesia after two years in the Philippines bringing together industry leaders, governments, financial institutions, civil society, and innovators committed to a more resilient and future-ready coconut sector.

Both a strategic forum and a community experience. A real collaborative space with **workshops, peer learning sessions, trainings, field study tours** and our flagship Members and Partners Day sessions where we advance the global sustainability. Join this exciting week of events to empower your teams.

The Roundtable aims to strengthen partnerships, accelerate practical initiatives like the **SCP Impact Fund, Industry Aligned Reporting, Verified Sustainable Projects** with the **Sustainable Coconut Charter**, and advance the agenda of the partnership to develop ever more collaborations needed to finance and support the **responsible rejuvenation** of the coconut sector for the next generation.

Building on previous discussions around "market development", sustainability frameworks, and future-proofing the industry, the 2026 edition will focus on turning ambition into action by mobilizing finance, strengthening coalitions, and supporting responsible rejuvenation initiatives that empower farming communities and the next generation of coconut entrepreneurs.

## SUSTAINABLE COCONUT LEADERS PROGRAMME

**BRING THE PEOPLE YOU WANT INTO THE ROOM DURING THE ROUNDTABLE WEEK – EVEN IF YOU CANNOT MAKE IT!  
ACCELERATE COLLABORATION WHERE IT MATTERS MOST.**

Through this initiative,

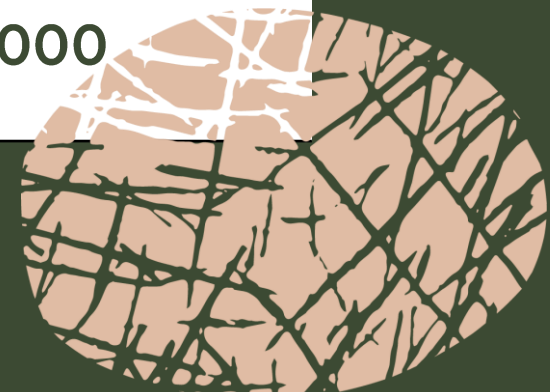

- SCP members can sponsor and nominate selected partners to take part in the Bali Sustainable Coconut Roundtable - invited by [you]
- This is not simply an event invitation or a form of sponsorship, it is a targeted, high-impact engagement mechanism that positions your organization as a leader, offering your supply chain partners far more than calls or boardroom collaboration, but a truly immersive experience that lays the foundation for sustained collaboration.
- It allows you to bring the right people into the conversation, strengthen relationships, and accelerate alignment on sustainability priorities. In short: turning existing relationships into practical collaboration. It also works even if you are not attending, your invited partners will still benefit fully and the SCP team that also represents you will facilitate their engagement on your behalf.

## SUSTAINABLE COCONUT LEADERS PROGRAMME

*Hi SCP Members,*

*The Bali Roundtable is just around the corner (Oct 8-9), and once again, it promises to be a truly unique experience!*

*We know many of you will be there. We also know that not everyone can travel every year. At the same time, every one of you works with partners across your supply chain who are critical to advancing sustainability, people you want more engaged, more aligned, and more connected to this shared agenda.*

*So what if this event could go beyond participation... and become a tool for your organization to offer a privileged collaboration platform to your current/future supply chain partners even if they are not members of SCP?*

## SUSTAINABLE COCONUT LEADERS PROGRAMME

### *How it Works*

SCP members can reach out to the SCP team to sponsor a number of programme seats

- You nominate carefully selected individuals
- These participants are invited by [you] for an inclusive full week of curated activities to the exclusive Sustainable Coconut Leaders Programme They join as active contributors even if they are not already a member of SCP

### *What the Programme Includes*

Each selected participant receives full access to a curated, high-impact experience:

- Participation in the Bali Sustainable Coconut Roundtable on Oct 8–9 2026
- Accommodation for the duration of the event at the hotel for the event
- A 2-day field study tour
- Access to the SCP Members & Partners Day (including for non-members)
- A full-day Sustainable Coconut Charter training

### *Who You May Invite*

This is your opportunity to engage the people who may be part of your value chain or may matter in the future of your value chains or may be positioned to drive sustainability collaboration.

You can also simply use this exceptional opportunity to recognize and valorize peers and colleagues. You may choose to invite processors and origin partners, key customers or downstream actors, farmer representatives, cooperatives, or local leaders... you decide.

### *Role of SCP*

SCP will ensure that all selected participants are:  
Integrated into a high-quality, engaging programme enabled by [you]  
Included in meaningful discussions and learning sessions  
Supported to build connections and practical outcomes during the week and a commitment to share what they learned with their own communities

Importantly, even if you are not attending, your invited partners will still benefit fully as the SCP team can facilitate their engagement on your behalf.
